HUMANITIES:

- Adults and children's past lives actions

COMPUTING:

-Añadimos un personaje extra (3) aumentando la dificultad de los tiempos al hablar de cada uno.

MATHS:

- Division with remainder of 2-digit numbers by a one-digit number using arrays

OBSERVATIONS/REMINDERS

I hope you're having a great week!

We continue working on using English in the classroom and encouraging students to feel confident using the English they already know. I can see that they understand what I am saying when I ask questions in English, but we still need to keep encouraging and reinforcing their own English production.

See you soon! ☐

Upcoming End of Term evaluations:

Monday 31st: Science term test

Thursday 3rd: Language's term test

Wednesday 9th: Maths term test
