

3rd Grade

WEEKLY REPORT

OUR LEARNING

MATHS: During the week, we identified factors with the rainbow and bracket methods. Moreover, we applied multiplications in real life problems.

ENGLISH: We started Unit 7 "Puzzle and Code". We saw the vocabulary of stripes and spots and learned how to make descriptions. In addition we learned about Present Perfect.

SCIENCE: We finished Unit 5 "Light" with the topic of "Shadow lengths". Finally we moved on to the new Unit 2 "Energy", we learned about the definition of Energy, Types of Energy sources, and what Energy transfer is.

LENGUAJE: Hemos trabajado con los poemas, analizando y visualizando lo que quieren decir. Hemos aplicado estrategias de comprensión lectora para entender un texto y hemos trabajado con la extracción de información explícita.

SOCIAL SCIENCE: Esta semana aprendimos sobre la civilización griega, la importancia del Mar Mediterráneo y la influencia de su zona geográfica en la cultura griega.

Week of July 14th ~ 18th

OBSERVATIONS/REMINDERS

For next week, remember to bring the first advance on the experiments for the Science Fair.

Don't forget the materials for the panel!

UPCOMING TESTS JULY

Friday 25th: English Test
