

3rd Grade

WEEKLY REPORT

OUR LEARNING

MATHS: We developed our first test of the current term. We started with a new unit and understood how many equal parts there are if a whole has been divided into thirds/ sixths. We could also recognize that two proper fractions can be equivalent in value.

ENGLISH: This week we talked about different types of robots. We learned about their characteristics and how they can help us. Grammar focus: Comparatives

SCIENCE: This week we revised about electric circuits, their parts and materials that act as conductors or insulators. Then, we took our Science Test.

LENGUAJE: Hemos repasado contenidos vistos de la Unidad 3 (texto informativo) y también hemos escrito una crítica de opinión sobre una película.

SOCIAL SCIENCE: Esta semana continuamos aprendiendo sobre los romanos, esta vez enfocados en sus vías y medios de transporte.

COMPUTING: Los alumnos terminan su dispositivo inteligente del Internet de las cosas, explicando sus características más importantes.

Week of October 6th – 10th

OBSERVATIONS/REMINDERS

Remember to return the books to school after studying for the Tests.
